

1st Walking Tour of the Theotoky Estate

On the 27th of December the first walking tour of the Theotoky Estate took place. On a sunny winter day the walk lasted for one hour and thirty minutes covering a distance of approximately 4 km. within the Estate.

With a degree of difficulty at 2, the participants had the opportunity to visit the old church of Panagia Labovitissa, which is located within the Estate, walk through the Estate's olive grove, witness the breathtaking views of the Ropa Valley with the snowy mountains of Albania, at the background and also see the various free roaming animals of the Estate.

Our goal is to organize more walks like this. For photos of the above walk, and to be notified of similar future events, please visit our Facebook page.
